

STARS OF TURF TAKING IT EASY

Racing Flesh Worth Million in Winter Quarters at Louisville

LOUISVILLE, Ky., Jan. 18.—Thoroughbred racing, valued by its owners at more than one million dollars, is in winter quarters at Douglas Park and Churchill Downs here.

Included among them are the highly bred youngsters in the stables of John E. Madden, the racers trained by Alex Gordon for "Big" Pinner, the cartoonist; the 2-year-olds of the Jones brothers and many other well-known thoroughbreds.

Because of the open winter in Louisville, the youngsters, which became 2-year-olds in January, already have begun their first racing season.

The Madden string contains several likely youngsters, which as yet are unnamed, but which are by such sires as Fair Rock, Ormonde, Hecuba, The Pinn and Sir Martin. Mr. Madden, it is said, considers his best colt, Earl Rider, as a likely contender for the Kentucky Derby.

Last season this colt showed up well and had a way of sticking to his task the entire distance.

Earl Rider started only eight times, won six times, finished second once and third once, winning \$14,400, because of being a gelding, he will be barred from several of the richest 2-year-old races, but will be eligible for the Kentucky Derby.

Sporting Blood, which last season won four races and \$43,610, is at the Fisher stable and, according to race track followers, he never looked better. Included in his victories last year was the rich Latonia Championship 2-year-old stakes.

The Dick Finner colt, Violinist, is regarded as Fisher's entry in the Derby. Violinist has filled out well this winter and his trainer believes he will have a good chance to win the "blue ribbon" of the American turf.

Included in Fisher's string of 2-year-olds are five fillies and seven colts. Trainer Gordon particularly likes Broadie, The Broomstick-Emulder filly, while the Dick-Finner filly, Diamond Girl, colt looks promising. Diamond Girl is another that is considered to have a good chance this season. Hyperion, a bay colt by Sunstar-Melique, is another colt that has received favorable attention.

desired by republican leaders was confidently predicted by them.

Strong opposition to the sales tax featured by the administration, was understood to have been expressed by a number of senators who included members of the "agricultural bloc." It was said that these senators included Gooding, Idaho; McNary, Oregon; Lenroot, Wisconsin; Capper, Kansas; Kenyon, Iowa; LaFollette, Wisconsin; Borah, Idaho; Norris, Nebraska; Ladd, North Dakota and Johnson of California.

It was also stated that opposition was expressed by senators participating in the conference to the elimination from the foreign debt bill of the provisions for semiannual payments of interest.

It was also understood that provisions for a sales tax as a means for providing funds for the soldiers' bonus until a substantial return on the proposed \$4,000,000,000 British debt bond can be insured, was urged by senators favoring a sales tax.

Senator Borah, Idaho, left the conference before the soldiers' bonus motion was adopted, but he announced subsequently that his position "was well known"—that he was still unalterably opposed to a soldiers' bonus.

It was stated, however, that the vote against the soldiers' bonus motion was confined to three senators, the rest of those present supporting it.

WASHINGTON, Jan. 18.—It will be fully a year before the United States can arrange a funding term for the \$11,000,000,000 foreign debt, and probably much longer before interest payments start coming in, treasury officials said today.

One action has already informally advised the treasury department that "it probably would not be able to meet interest payment next fall."

SPRINGFIELD, Ill., Jan. 18.—Eddie Barr, Pittsburgh lightweight, won referee Johnny Connor's decision over Mickey Spivey, Springfield, Mo., in 10 rounds here tonight.

According to a majority of newspaper decisions, Barr earned the bout by his aggressiveness throughout the fight.

Football Popularity Gives College Athletics Excessive Importance, Lowell Believes

Harvard President Believes Faculties Should Consider Afloat
The Question of the Proper Place of Intercollegiate Sports in the Scheme of Education.

CAMBRIDGE, Mass., Jan. 18.—Public interest in football has tended to give excessive importance to college athletic contests, President A. Lawrence Lowell of Harvard University said in his annual report to the trustees, made public today.

He said the question was one that affected all American colleges and that it would be well for faculties, administrators and governing bodies to consider afresh the proper place of public intercollegiate athletic contests in the scheme of education.

"The present policy in college football has not been the result of a deliberate plan," said President Lowell, "and is not based upon any principle recognized as important by faculties, alumni and spectators."

The single best reason for the increase in the popularity of football, he said, was the fact that it was well for faculties, administrators and governing bodies to consider afresh the proper place of public intercollegiate athletic contests in the scheme of education.

Does Laundry Work and Housework Too

Surprised to Find Her-
self Feeling So Well

Taunton, Mass.—"I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it also. I find that I can work in the laundry all through the time and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimony for the good of others."—Mrs. BLANCHIE SILVIA, 59 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

Take a Glass of Salts to Flush
Kidneys if Bladder
Bothers You

Failing meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, and stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast, for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.
